Buyume Android App

Buyume Application in React Native

- Created some screens in react native.
- Screens :- Refer & Earn , Profile , Product page, etc.
- Created the UI part with functionality & contribute in some other tasks.

Android TV Applications

- I made 2 more applications for Android TV using react native .
- These were some basics app for company's requirements.
- I have basic knowldge of react-native .
- In these apps there was a simple functionality & simple UI.

Salon Management Software

This is basically a Enterprise Resource Planning web Application for Salon Management.

- Added new features on company's daily requirements.
- Added some basic & some complex functionalities & I am fully responsible for front end part.
- Currently working on this project.
